We, the undersigned, having this day examined the accounts of the Selectmen and Treasurer, and finding them correctly cast and supported by proper vouchers, submit the foregoing report.

C. S. MILES,  
CHARLES H. STEVENS, } *Auditors.*

The undersigned herewith present to the inhabitants of E-fingham, the annual report of the schools for the year ending March 1, 1891.

It is our belief that each term has been a profitable one, that none have been to any extent a failure. Free text books have added considerably to the success of our schools, as was expected. Yet we are sorry to say that many parents do not fully appreciate the importance of the privilege of free schools and free books, for the teachers' registers show that quite a number of scholars only attend school every other day, and many others are absent one and two days in a week. This we believe to be entirely unnecessary. No parent can have the education of their children much at heart who allow them to be absent from school without a good reason. The success of our schools depends more upon the parents than upon School Boards or teachers.
